

Freight Management Services

Consumer Healthcare Products

Life Sciences + Pharmaceuticals

Our Vertical Markets

Life Sciences + Pharmaceuticals

MD Logistics designs customized supply-chain solutions for the global distribution of trade, sample, and clinical specialty products. Our facilities are fully licensed and accredited, maintaining cGMP and VAWD standards, enabling us to provide compliant cold chain storage for finished and WIP products. We deliver these standards by utilizing tier-one WMS and strategically located state-of-the-art facilities. We fully integrate with our customers' ERP software and support electronic data interchange for order management and reporting. Most critical to operational success, our dedicated and experienced pharmaceutical team stands behind our services to ensure the utmost product quality and maximum customer satisfaction.

Value-Added Services:

- Licensed Pharmaceutical Wholesaler
- Multi-site Redundant Facilities for Disaster Recovery
- Dedicated Call Center
- Control Room Temperature (CRT) and Refrigerated Storage (2 to 8°C)
- State-of-the-Art Digital Security Systems and Temperature Monitoring

Packaging Services for Life Sciences + Pharmaceuticals

MDL packaging services provide high-speed, high-volume, production without client capital investment. We specialize in providing hand-packing, kitting, and labeling for pharmaceuticals and pharmaceutical devices.

Consumer Healthcare Products

MD Logistics client shared facilities manage high-volume, high-value, market-driven, retail-sensitive products for industries that expect maximum performance and flexible infrastructure. We handle B2B and e-commerce distribution, supporting the top 100 retailers in the country. Our tier-one WMS fully integrates with our customers' ERP software and supports electronic data interchange for order management and reporting. By combining a wide array of custom solutions, the MDL team manages your supply chain from start to finish.

Value-Added Services:

- E-Commerce Fulfillment
- Foreign Trade Zone Services
- Retail Compliance Labeling + ASN Management
- Physical Inventory / Cycle Counting
- QC Inspections + Default Testing

Freight Management Services

From start to finish, our team can work as an extension of your distribution and fulfillment team, matching the right transportation with the right need. Through our volume of business and discounts with national LTL and parcel carriers, we can optimize customers' transportation budgets, delivery commitments, and freight payment requirements. Strategic locations offer easy access to third-party networks to meet late-night order cut-offs for next-day delivery.

TRANSPORTATION SERVICES

Beyond traditional warehousing and distribution services, MD Logistics offers freight management, global freight forwarding, and brokerage services. Our Indianapolis, and Reno, and Garner facilities are located near international airports and within a day's drive of over 80% of the US population, are strategically positioned to offer customers a range of all-inclusive transportation services and optimize their transportation budgets.

MD EXPRESS

MD Express is a fully licensed and insured broker providing full truckload and LTL services. We match the best transportation provider with the right need, leveraging volume to offer our customers the most economical transportation solution. Understanding that different freight has different transportation needs, we ensure quality with our validated, cold chain, and secured trucking services.

NIPPON EXPRESS USA

As a wholly owned, independent subsidiary of Nippon Express USA, we provide global freight forwarding services, combining ground, ocean, and air solutions into our comprehensive freight service offering. With 903 locations spanning nearly 50 countries and regions, Nippon Express has established a powerful, multi-mode global forwarding system. This allows our team to respond accurately to global logistics needs by utilizing the Nippon Express worldwide network, which includes strategically located gateways and GDP facilities.

Service Offerings

At MD Logistics, we pride ourselves in providing the highest quality and most flexible supply chain solutions for our customers. We respond decisively and promptly to their complex challenges and work with them throughout the process. No matter what the need, big or small, MDL can cater directly to the specific requirements of each challenge.

3PL**

Quality

Quality excellence is the key to MD Logistics becoming one of the fastest-growing 3PL providers in Central Indiana. Over the years, MDL has developed a simple yet elegant formula for achieving quality excellence based on four actions that lead to satisfied customers. Whether we are delivering over the counter, consumer healthcare products or life-saving medicines, our mission is to deliver the Right material, in the Right condition, to the Right place, at the Right time, On time, Every time. The formula is simple in concept but not so simple in execution. Successful execution is what distinguishes MD Logistics as a leading 3PL in the industry.
